# 163	Name: <b>Parks Hwy</b>		Cause: Human	Admin:

Narrative: Cloud cover, rain, and raised RH kept fire activity at a minimum. Both crews and remaining overhead worked on cabins, allotments, and timber value protection; securing the edge of the fire from further spread. A new spike camp was set up along the Tanana River close to the timber areas. A recon and assessment of an allotment along the Totatlanika River was accomplished, and a new helispot was cut. Engines patrolled within Divisions A, B, C, and D along the Parks Highway corridor and East of the Nenana airstrip. Q, T, Y, and Z were unstaffed. Rehab work was completed at the end of shift and the Rehab Group was demobed. Divisions A, B, C, D: Engines will patrol for hot areas, mitigate hazard trees near residences and continue mop up. One engine will be designated for initial attack. Division E: Monitor fire activity along the Tanana and Wood Rivers near cabins and allotments. Continue securing allotments and timber values. Pull excess equipment and supplies. Divisions Q, T, Y, and Z: Unstaffed.
